Subject: FW: Summary of Meeting Output

Dear Valerie
Please change the line describing the critical work on inflammatory response. It is not ILG but IL6 that we want to measure

Kind regards
Klaus

Subject: Summary of Meeting Output

Program Area Coordinators:

Attached for your review is the summary of output from the planning meeting last week. Proposed work that is not currently a formal WSA project has been highlighted in blue. Please review your respective section(s) and advise me of any changes/edits you would like to make by **Thursday, October 18**.

Once any modifications are made, this document will be circulated along with the project plan template to the meeting participants for the purpose of developing project plans.
